

INTERWRITEDualBoard™

eInstruction's® **INTERWRITEDualBoard™** is the first dual pen-input interactive whiteboard designed specifically to help turn classrooms into more collaborative learning environments. The **INTERWRITEDualBoard™** allows two interactive electromagnetic pens to be used at the same time on a single digital whiteboard, creating the perfect solution for students to work simultaneously at the front of the classroom.

Teachers can also select from a "Sandbox" mode or "Split Screen" mode, providing multiple ways for the class to collaborate around digital lesson materials. The Sandbox mode allows students to work in the same area of the display, while the Split Screen mode lets the teacher to assign each student to a separate portion of the display area.

Features & Accessories

Overview

Digitizing Technology

The **INTERWRITEDualBoard™** utilizes patented electromagnetic digitizing technology which delivers high resolution, providing superior performance for fine annotations and handwriting recognition, fast tracking speed and a hard, rigid construction for years of reliable use.

Software

[INTERWRITEWORKSPACE®](#), included with every **INTERWRITEDualBoard™** purchase, is an extremely intuitive and easy to use education software package that includes thousands of images and resources to create interactive lessons. **INTERWRITEWORKSPACE®** can also be used to annotate, highlight or make notes over any computer program. You can even save, print or e-mail your lessons and all notations to students who are away from class.

Surface

The **INTERWRITEDualBoard™**'s work surface produces minimal glare when used in Interactive mode with a projector, and easy clean-up when used with dry-erase markers in Whiteboard mode.

Programmable SoftKeys

Programmable softkeys simplify using the **INTERWRITEDualBoard™** by providing instant access to launching a favorite application, Internet site or file.

Standard Features (US/Canada)

Computer Connection

A 25' serial (RS-232) cable and a 15' Universal Serial Bus (USB) are included with all models.

Dual Rechargeable Pen System

Includes pen charger, 2 rechargeable pens, power cable and hardware for mounting it to the **INTERWRITEDualBoard™**.

Wall Mount Bracket

The wall mount bracket provides support when hanging the **INTERWRITEDualBoard™** on a wall.

Power Supply

A power supply with a 10' cord is included. The power supply output is rated at 9V @ 1A.

Optional Accessories

Floor Stand

A sturdy, easily adjustable floor stand on casters provides a convenient means to move the **INTERWRITEDualBoard™** from room to room.

Wall-mounted 3M Projector with Speaker System

The wall mounted 3M Digital Media System 800 projects from above the **INTERWRITEDualBoard™** from a very short distance, virtually eliminating shadows and making it easier to interact with the projected image. Available for **INTERWRITEDualBoard™** models 1260, 1260B, 1277 and 1277B only.

Specifications

Technology	Electromagnetic 4,096 points (lines) per inch internal, output at 1,000 lines per inch (39.4 lines per mm)
Resolutions	60 Inch Models: 36,000 X 48,000 77.5 Inch Models: 46,500 X 62,000 85 Inch Models: 42,000 X 74,000 95 Inch Models: 46,500 X 83,000
Hardware Interface	Serial (RS-232) and Universal Serial Bus (USB), RF Com Option) Windows (including Vista)
Software Drivers	Mac OS X Linux
Operating Temperature	40° to 115° F (5° to 46° C)
Storage Temperature	-40° to 158° F (-40° to 70° C)
Warranty	Three Year Warranty. Extended warranty options are available.

Active Area Size (Diagonal)	Aspect Ratio	Width	Height	Weight
60 Inch	4:3	54.5 in (138.4 cm)	42.25 in (107.3 cm)	25 lb (11.4 kg)
77.5 Inch	4:3	68.5 in (174 cm)	52.75 in (134 cm)	39 lb (17.7 kg)
85 Inch	16:9 (16:10 Ready)	80.5 in (204.5 cm)	48.25 in (122.6 cm)	43.2 lb (19.6 kg)
95 Inch	16:9 (16:10 Ready)	89.5 in (227.3 cm)	52.75 in (134 cm)	51.6 lb (23.5 kg)
